

MFlow Z-line panel filter

Introducing our new & improved Z-Line panel filter MFlow! Experience the next level of air filtration with our latest Z-Line Panel Filter—engineered for superior performance!

Product benefits

- **Greater Filtration Efficiency** – Increased net effective filtering area for optimized dust capture.
- **Improved Airflow** – Innovative design ensures smoother, more efficient air circulation.
- **Lower Energy Consumption** – Enjoy 8% lower initial pressure drop, reducing strain on HVAC systems.
- **Extended Lifespan** – Higher dust-loading capacity means fewer replacements and cost savings.

Upgrade your filtration system today and enjoy cleaner air with higher efficiency!

Sizes

592x592x47

TECHNICAL INFO

Classification (EN ISO 16890)	Coarse 80%, ePM10 55%
Classification (EN 779)	G3/G4, M5
Fiber composition	100% Polyester
Nominal thickness	5-8 mm
Surface weight approx.	170/210 g/m ²
Tested net effective filtering area	1,2 m ²
Nominal air flow	2000 m ³ /h
Initial pressure drop	23 Pa
Classification of flammability	DIN 53438 F1/F1/K1
Frame material	Cardboard
